ECOLOGY & ENVIRONMENT, INC.
Attn: Mr. Mark Lunsford
111 West Jackson Blvd.
Chicago, IL 60604

Dr. Mr. Lunsford:

Per your letter request of June 21, 1985, I have enclosed the portions of a report prepared by Dames & Moore which address the Ceraland waste disposal site. I have also included a copy of the table of contents for that report, per your request.

As you may see from the table of contents, the full report included six (6) separate locations. Identification of these locations is as follows:

Site No. 1 - Tellman Camp
Site No. 2 - City Dump #1
Site No. 3 - Miller Salvage
Site No. 4 - County Dump
Site No. 5 - Ceraland
Site No. 11 - Joe Boas property

Although Dames & Moore provided evaluations of all six sites in this report, the only sites at which any field work was done were Ceraland and the County Dump. A copy of a separate report prepared for the County Dump investigation has been provided to the ERRIS office at the Indiana State Board of Health.

Yours very truly,

Dear Ms. Pratl:

RE: CERCLA Data -- Ceraland

Please forgive the delay in forwarding the information you requested concerning Ceraland and the small Petersville Dump.

I was unable to find the Ceraland well details but the well contractor was:

Critzer Well Drilling
18231 E. 360 S.
Grammer, In. 47236

Call (812) 579-6920; ask for Glenn Dillon

A map of Ceraland prepared by Dames and Moore is attached as is a copy of the Section 103 (C) CERCLA Report on the small Petersville Dump site.

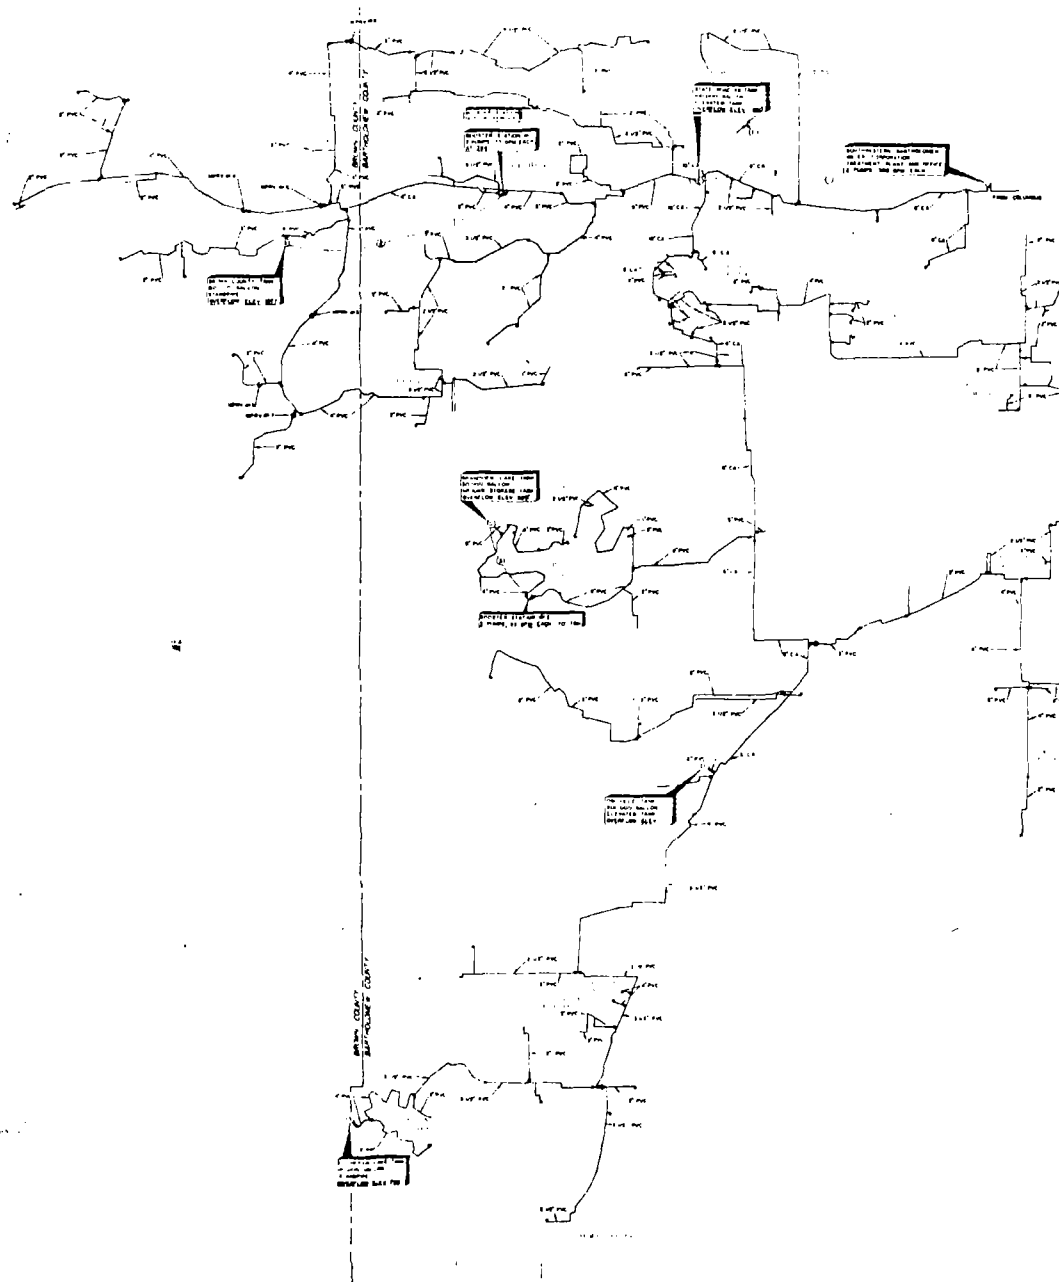

Let us know if we may be of further assistance.

Very truly yours,

Senior Engineer

Re: Site Name: Ceraland
TDD No. R05-8410-2A

Dear Mr. Bahnsen:

As per our phone conversation on Tuesday, this letter serves as a formal request for a copy of the portion of the Dames & Moore report that contains information concerning Ceraland. I would also like to receive a copy of the table of contents of the report and a list of Cummins Engine Company waste disposal sites that Dames & Moore has been hired to investigate.

I have attached a copy of the Letter of Introduction provided by the U.S. EPA for Ecology and Environment employees engaged in field investigation work, which outlines the statutory basis for this request.

If you have any questions about this request, please do not hesitate to call me at (312) 663-9415. The report materials should be sent to me at the address shown on the enclosed business card.

Sincerely,

Mark Lunsford
